

THE LIMA TIMES-DEMOCRAT.

CABLE AND TELEGRAPH REPORT OF THE AMERICAN PRESS ASSOCIATION CO.

VOL. XIX. NO. 11

LIMA, OHIO, MONDAY, OCTOBER 27, 1902.

PRICE THREE CENTS.

FIVE FURNISH BOND SHEETS ST. LOUIS BOODLERS

In the Sum of \$1000 Each, for Their Appearance in Criminal Court.

Famous Grave Robbery Case

In Which Several Well Known Professors of Medical Colleges in Indianapolis are at Present the Central Figures.

INDIANAPOLIS, IND., OCT. 27.—TODAY JUDGE ALFORD, IN CRIMINAL COURT, ARRAIGNED THE ALLEGED GRAVE ROBBERS WHO HAVE BEEN PENDING AN INVESTIGATION DR. JOSEPH ALEXANDER, DEMONSTRATOR OF ANATOMY AT THE CENTRAL COLLEGE OF PHYSICIANS AND SURGEONS DR. WM. MOLT, PHYSICIAN AT THE MEDICAL COLLEGE, AND DR. E. M. WRIGHT, SECRETARY-TREASURER OF THE ECLECTIC MEDICAL COLLEGE. THREE OF THE FIVE PHYSICIANS INDICATED, WENT TO THE OFFICE OF SHERIFF SAULCEY SHORTLY BEFORE NOON TODAY AND GAVE \$1,000 BOND EACH FOR THEIR APPEARANCE IN CRIMINAL COURT. THE OTHER TWO PHYSICIANS HAD NOT BEEN ARRESTED UP TO NOON. ONE OF THEM IS A COUNTRY PHYSICIAN.

LONDON'S OLD PORT WILL BE REPAIRED.

One Plan is to Entirely Abandon the Present Dock System.

LONDON, OCT. 27.—The first step toward remedying the glaring deficiencies of the antiquated port of London was taken today when representatives of the dock companies, the shipping interests and the city of London assembled in conference at the London Club with Sir Joseph Dimsdale, the lord mayor, presiding. In a preliminary way the conference discussed the various proposals for the improvement of the port with the purpose of agreeing upon a plan to be laid before the government. Among the various proposals was one for the entire abandonment of the present dock and wharf system, on which the recent Dock Commission proposed to expend \$140,000,000 and the conversion of six or seven miles of the river into a vast tidal dock, furnishing ample room for all kinds of craft.

ROOSEVELT IS 44 YEARS OLD TODAY.

His Age as Compared With Present Rulers of the Old World.

Washington, D. C., Oct. 27.—President Roosevelt is 44 years old today. According to the custom of the White House, the anniversary will be observed this evening by a dinner in which the children will participate. The president's birthplace was at the corner of Twentieth street, New York city. While one of the youngest of presidents, President Roosevelt is the senior of several. For instance, Nicholas of Russia, is but 34 years of age while William II. of Germany is a year younger than the president. Queen Wilhelmina, of Holland is young enough to be the president's daughter. Having been born as late as 1890, Prince Hsu, emperor of China, has at 29 years to his credit while Sultan Abdul Azziz, of Morocco, was born in 1878. The khedive of Egypt is only 25. King Carlos, of Portugal, is another who is junior to the president, having been born in 1861, while his near neighbor, Alfonso of Spain, has not reached his seventeenth birthday. Ferdinand of Bulgaria is still an infant, he having first seen the light in 1881. Alexandria of Serbia, is quite a youth in comparison with him, however, having been born in 1876. King Edward VII. of Great Britain, is one of those called a young ruler, but he is a grandfather and is 17 years older than President Roosevelt. This being President's 44th birthday, he has been receiving congratulations by mail, telegram and personally and has had more flowers sent him than a society girl on her debut.

CHICAGO'S FAMOUS HORSE SHOW WEEK.

Society Will be Busy This Week Criticizing and Admiring.

Chicago, Ill., Oct. 27.—The horse show than heretofore and several noted breeding establishments never before represented have sent prize-winning equines to add to the display. In all, there are ninety-nine classes. More attention has been given to the breeding classes this year than heretofore, and several new classes have been added. French coach horses, which have never before been exhibited in the annual shows in Chicago, will come in for much attention. Aside from the \$20,000 in cash prizes to be distributed, there will be a score of silver cups aggregating about \$4,000 in value.

NO TESTIMONY

Will be Taken Today by the Strike Commission.

Washington, Oct. 27.—The mine operators and president Mitchell with district president Fahey, are here today to attend the session of the mine arbitration commission. No testimony will be taken today.

PRESIDENT

Has Called a Meeting of His Cabinet

Which Will be the First Formal Gathering Since Early Summer.

Washington, Oct. 27.—President Roosevelt has called a cabinet meeting for November 7, and has notified the members that he wishes recommendations in writing from each for use in his annual message to congress. This meeting will be the first formal gathering of the president's official family since the adjournment of congress early in the summer.

STILL MISSING

Is the Sheep Rancher, Known to Have Had Money.

New York, Oct. 27.—John Mulvey, a sheep rancher, of Montana, who disappeared Saturday, is still missing. He had four one thousand and ten hundred dollar bills in his pockets which he brought here to invest.

RAILROAD

To be Constructed in Chinese Empire

Will be a Trunk Line One Thousand Miles Long.

One of the Enterprises of the Late Senator Brice Being Carried Into Execution by His Son.

A dispatch to the Cincinnati Enquirer of yesterday says: W. K. Brice, son of the late Senator Calvin S. Brice and the Secretary of the proposed new China-American Railroad company, which had under way the greatest line yet laid out in the Flowery Kingdom, gave out some interesting facts concerning the enterprise in an interview here today. The new road will be known as the Yueh-Yan Line, and will be a strictly private concern, no stock or securities being offered to the public. The road is a grand trunk and will follow the course of the Yangtze-Kiang river. The line will be laid through the more fertile part of Southern China through the valley of the Kiu river, and will end at Puyang Lake, the great reservoir of the Yangtze-Kiang near the city of Hankow. The swiftness of the stream at this point will make it impossible to carry the road across, and passengers will have to take a ferry to reach Hankow.

It is expected that the first section of the line, 30 miles in length, will be ready within eight months. The total length of the road will probably be 1,000 miles. European and Chinese capitalists are also interested in the project.

FALL MEETING

Of the Queens County Jockey Club Opened Today.

New York, Oct. 27.—The Autumn meeting of the Queens county Jockey club opened at Aqueduct today and will continue for twelve racing days. The meeting is expected to eclipse those of former years at this track, for the purses hung up have almost doubled in value since 1901.

Delivers an Important Opinion.

The Full Quota

15000 Population Must be There

Before an Additional Councilman Can be Placed Upon the Board.

The Attorney General Maintains That Fractional Parts of Representative Ratios are Not Recognized in Law.

Columbus, O., Oct. 27.—(Special)—Attorney General Sheets has rendered an opinion that cities will not be entitled to an additional councilman, under the new code, for a major portion of the quota—15,000 population—but must have the full quota before being entitled to the additional member. He says that fractional parts of a representative ratio are not recognized in law unless expressly stipulated in the act.

In reply to an inquiry from the prosecutor of Stark county, Attorney Sheets gives an opinion in effect that in proceedings in the probate court to appropriate private property for corporate uses, the jury fees must be paid out of the public treasury, and not taxed as a part of the costs of the case against the losing party.

State Fire Marshal Hollenbeck, has just succeeded in having indictments returned for a crime of arson committed in the southern part of the state in 1901. In April 1901, Jacob Keller, the owner of a company store at Monroe Furnace, Jackson county, died and before his estate had been settled up his store burned, the burning occurring on the night of May 29. The fire was a suspicious one, but suspicious fires were not uncommon in that vicinity, and like many others has drifted along without more being known about it. It is now known that the fire was incendiary and that the store had been burglarized, and was fired merely to conceal the fact. The goods have now been located, and indictment found against John and Henry Dawson, sons of Wm. Dawson, a preacher in Jackson county, Kate Dawson, the wife of John, and Josephine Dawson the wife of Henry, and Wm. Brown whose wife is a sister of Mrs. Henry Dawson. John and Henry are now serving a term in the penitentiary, having been recently convicted of the crime of grand larceny. They will be taken back to Jackson county for trial for this crime.

VANDERBILTS

Will Do the Country in Their Automobile.

New York, Oct. 27.—Mr. and Mrs. Alfred G. Vanderbilt, Reginald Vanderbilt and his fiancée, Miss Cathleen Nelson, left Hempstead, L. I. today for an extensive automobile trip. Washington, Richmond and several other cities of the south will be visited.

BOYS IN GRAY,

Aged and Crippled But Able to Hold Encampment.

Columbus, Ga., Oct. 27.—A host of visitors is swooping down upon this city and will retain possession for the next three or four days. They are the members of the United Confederate veterans, whose annual divisional encampment will be formally opened tomorrow. Judging from the large advance guard the number of visitors will be fully up to the encampments of former years and from all indications every section of the state will be represented. Complete arrangements have been made by the local societies for the reception and entertainment of the many visitors.

STEVENSON

Will be One of the Speakers at the Meeting.

New York, Oct. 27.—Great preparations have been made for the Democratic Congressional mass meeting to be held in Madison Square Garden tonight under the auspices of William R. Hearst, the congressional candidate in the Eleventh district. Chairman Griggs of the Democratic Congressional Committee is to preside. Among the speakers to be heard are former vice-President Adlai E. Stevenson, former Governor Budd, of California, mayor Eugene Schmitz, of San Francisco, Senator Carmack, of Tennessee and Senator Culbertson, of Georgia.

POISONING

Case Charged Against an American,

Who was Arraigned This Morning in a London Police Court.

London, Oct. 27.—In South Wark police court today, Geo. Chapman, a saloonkeeper, was arraigned, charged with the wilful murder of his mistress, Maud March, by arsenical poisoning. According to the police the case promises to be a sensational one. The prisoner came to London from America in 1893, and during his stay here, the police charge three women have died in his houses. Chapman was remanded for trial.

WELL KNOWN

Railroad Man Succumbs to Liver Trouble.

General Manager P. S. Blodgett, of the Lake Shore, Passed Away Today.

Cleveland, Oct. 27.—P. S. Blodgett, general manager of the Lake Shore railroad, died at his home here today of liver trouble. He was one of the best known of the Vanderbilt lieutenants.

FIFTEEN

Dollars was What Tom's Violation Cost.

Tom Fitzmaurice spent most of the day at the court house Saturday waiting for the sentence which the court had promised would be delivered. Judge Cunningham had lots of pressing business during the day, and it was not until evening that Tom's case was attended to. The defendant was given to understand that he could not break the law with impunity and that for his careless use of firearms, he would have to pay a fine of \$15. Tom brought the money to light and went his way, promising that he had seen the last of a court of justice.

CHICAGO STOCK MARKET.

Chicago, Oct. 27.—Cattle 22,000 active, 10c lower; hogs 34,000, slow, 10c and 10c lower; sheep 35,000, steady to 10c lower.

LIBERALS

Throw Their Support to the Nationalist Party.

London, Oct. 27.—In the house of commons today, nationalist member O'Brien moved an adjournment of the house to discuss the application of the crimes act, in Dublin, and nine Irish counties. When he was seated, the whole of the nationalist contingent present and some Liberals, including Campbell-Bannerman, Harcourt, Bryce and Labouchere, rose to support the motion. When the Irish members saw the Liberals coming to the support in the matter, they cheered loudly. The motion came to a vote tonight.

Alleged to Have Been Mixed Up in a Suburban Railway Steal

Making a Fight for Liberty.

In Addition to the Sixteen Alleged Boodlers, are Several Who are Now Compelled to Face the Serious Charge of Perjury.

ST. LOUIS, OCT. 27.—THE CASES AGAINST SIXTEEN MEMBERS OF THE HOUSE OF DELEGATES' COMMITTEE, INDICTED FOR BRIBERY IN A SUBURBAN RAILWAY DEAL, WERE CALLED FOR TRIAL TODAY. THE DOCKET ALSO HELD THE NAMES OF EDMUND BERSCH, JOHN HELMS, OTTO SCHUMAKER, WM. M. TAMBLYN AND JOHN A. FOLK. SHERIDAN, ACCUSED OF PERJURY. COUNSEL FOR THE DEFENDANTS WAS ALLOWED UNTIL 2 P. M. TO PREPARE APPLICATION FOR A CONTINUANCE. IF THE SIXTEEN DEFENDANTS SECURE A CONTINUANCE, BERSCH WILL BE FORCED TO TRIAL FOR PERJURY ACCORDING TO THE PLANS OF CIRCUIT ATTORNEY WM. M. TAMBLYN AND JOHN A. FOLK.

APATHETIC CAMPAIGN

In the Buckeye State is Drawing Closely to an End.

Mayor Johnson and Senator Hanna Have Been the Principal Drawing Attractions Sent Out by Their Respective Parties.

The Cincinnati Enquirer of yesterday says of the campaign in Ohio: What is said by political experts to have been one of the most listless and apathetic campaigns ever fought in Ohio, virtually came to a close tonight. Reports from all parts of the state show that the rallying meetings have on both sides been failures, respectable crowds being seen only at those gatherings where Senator Hanna and Mayor Tom L. Johnson appeared. According to programme these two stars of the platform will withdraw from campaigning in the state, and devote the coming week to a struggle for supremacy in Cuyahoga county, which Senator Hanna has sworn to redeem from the Democracy. On the other hand Mayor Johnson declares that the battle is already won there, and that his full county ticket will be elected. Senator Foraker has canceled his date at Toledo, for next Saturday night because of an engagement to speak in New York City. This will also necessitate cancelling a meeting here for which some preparation has been made as a closing rally in this tightly contested congressional district. Governor Nash is to make but one or two more speeches, which are to be brief. The chief burden of campaigning on the Democratic side has been borne by Charles W. Baker, of Cincinnati and John L. Zimmerman, of Springfield. The Republican speakers from outside the state are not highly pleased with the receptions accorded them by their languidly interested brethren in Ohio. Sized up as a whole, the campaign has degenerated into a series of district and county contests. In the counties and districts where the majority is pronounced one either way, the majority party is doing but little systematic work. The chief interest, of course, centers in this, the new Twelfth Congressional District, where Cyrus Huling, the Daugherty lieutenant, is opposing the popular Democratic Judge Badger. The indications now favor the latter, because of the hostility displayed by the Republican factions toward their candidate. In the Third, where Colonel Bob Nevin

wants a second triumph everything depends upon the organized labor vote which the Republicans are endeavoring to use against the Democratic candidate. Thomas Seiz, former Treasurer of Montgomery County, Should it leave the Democratic ticket to a large degree in Butler county, Seiz, whose capacity for organization is wonderful, would furnish surprises from both Montgomery and Preble counties, holding the Republican majority so low that an ordinary vote in Butler county will enable him to pull through easily. While there has been more or less wild talk from the Thirteenth District, where Congressman James A. Norton is running against A. H. Jackson, a popular Republican manufacturer, the latest figures show that there is no danger for the Democratic nominee. Both men are traveling in the back districts, which, happily for Norton, are strongly Democratic when the voters are aroused. Outside of a little scare that is being thrown into Congressman Biedler, Republicans of the Twentieth District, by certain patriots who want to be on more intimate terms with his purse, these three districts contain all that is being done in the way of active campaigning for congressional seats. Practical Politicians. The practical politicians trained in watching for new issues and the life and death of the old ones, are curiously awaiting the result of Mayor Johnson's sensational tour with circus tent and red automobile. The various counties and cities in which he spoke will be watched on election day for results. Especially are the leaders interested in the result in Cincinnati and Hamilton county, which Mayor Johnson said he would carry if he had another week to devote to speaking therein. Johnson has been novel and sensational in more ways than one, and the results that he accomplishes will be valuable items for the politicians' ready book of references. The general lack of interest in the election is shown from the fact that at the usual betting centers in this city, not a single wager has been offered this campaign. Usually at this time of the year the blackboards are covered with prophecies.

Grain and Pork. Chicago, Ill., Oct. 27.—Closing Dec. wheat 73½; corn 51½; oats 31; pork 14.25. Live Stock Market. East Liberty, Oct. 27.—Cattle steady, 10c to 10c lower; hogs slow, 10c to 10c lower; sheep 10c to 10c lower.

RECENT WORK IN INDIANA.

Indiana oil	.00
Pennsylvania oil	.00

Wells County, Indiana, has a number of new wells to its credit which bid fair to keep that county's production near the top of the column when the Hoosier state reports for the month are compiled.

An especially good well is the Ohio Oil company's No. 1 on the P. Conn farm, in section 9 of Jackson township, which produced 120 bbls the first 24 hours after shot. In the same section, the Ohio has a 30-barrel well in its No. 1 on the John Hodson farm, in section 24, this company's No. 16. B. Spaulding was good for 40 bbls, and No. 12 on the H. M. Dawson, in section 25, started at 40 bbls.

The Bellevue Oil company has completed Nos. 11 and 12 on the P. Kilander lease, in section 25 Jackson, both of which are in the 10 bbl class. The Hazlewood Oil company and others have a 15-bbl producer in their No. 15 on the S. Lounsbury farm, in section 12 Jackson.

The Superior Oil company's No. 16 on the W. J. Heard farm was also a good producer, the owners claiming a production of 200 bbls at the start, it will probably prove to be good for about 100 bbls, but is not a bad one at that. The No. 17 rig on this farm is up.

In Nottingham township, two excellent producers have been completed, the top-hole being the Ohio Oil company's No. 3 on the John Henley farm, in section 10, which made 125 bbls the first 24 hours.

Almy & Thomas have one nearly as good in their No. 2 on the Charles E. Dyson farm, section 10, the first day's gauge showing an output of 100 bbls.

In Chester township, the best well reported this week has been the No. 6 drilled by Barlow & Adams on the E. Perry farm, in section 29, which made 80 bbls the first 24 hours.

The Great Western Oil company completed two wells in section 31, No. 2 on the J. M. Starkey producing salt water, while No. 3 J. Gilbert made 5 bbls of oil the first day.

On the D. M. & A. F. Spaulding farm, in section 33, H. Corey has a good producer in his No. 31. Its output was 60 bbls.

The Bellevue Oil company's No. 12 H. & M. Lowery, section 33, was good for only 10 bbls.

Boys, Walker & Co. have a 35-bbl producer in their No. 8 on the Wm. Baker lease, section 34, and in section 36, the state bank of Bolivar, N. Y., drilled a luster at No. 8 on the H. & C. Tawksbury farm.

The Ohio Oil company has four new wells in Chester township, the best of which made 30 bbls at the start. This one was No. 4, on the H. McReynolds farm, section 28, and No. 3 on this farm was good for 20 bbls. On the J. McReynolds farm, in section 28, the first well resulted in a 15-barrel, and No. 27 on the G. Terhune, section 20, was good for 25 bbls at the start.

TREATED TO A CURE

Though Don't Double With Pains and Aches From Rheumatism.

If you will, we will put you in the way to cure yourself by enabling you to treat yourself until you are cured.

You can watch your own symptoms and note how you respond to treatment. Buy a bottle of Athlophoros at any drug store.

Note carefully its effect on Rheumatism and bowels. If the latter are kept open and your Rheumatism is better, keep taking Athlophoros according to directions until you are cured, or until no improvement is visible, then write us your symptoms and we will tell you (without cost) what to do next. You can be cured without doctor's expense. We can relieve your pain quickly, and show you how to entirely drive Rheumatism out of your system. We are doing it every day, and have enabled thousands of cripples to go about their business.

It is simply driving the Uric acid out of the blood and keeping it out. You can prove this yourself. If your druggist doesn't have it send to The Athlophoros Co., New Haven, Conn.

Blackford County Work.

Late results in Blackford county have been such as to discourage most operators, the wells being either small or worthless. There are a few exceptions to this statement, as witness the Ohio Oil company's No. 8 on the J. Shrader farm, in section 15 Washington, which produced 90 bbls the first day. But the same company has a very light one in No. 4 on the N. Ratliff farm, section 12, and a duster at No. 7 J. J. Hoffman, in section 13. The Putnam Oil company's No. 3 on the M. B. Sills farm, in section 12 Washington, started at 15 bbls. Bracken & Co. have a 10-barrel well in their No. 1 E. C. Storms, section 10, and the Phoenix Oil company's No. 7 on the J. Futtrell farm, section 18, was a duster.

In Harrison township, the Ohio Oil company's No. 5 Thomas Haverfield, section 5, proved to be good for 40 bbls at the start. N. C. Ziegler has a very light one in his No. 3 C. Shull, section 10, the first day's output being only 4 bbls.

Various Indiana Wells.

In Huntington county, the Southwestern Petroleum company has completed No. 2 on the J. H. Trout farm, section 25 Jefferson township, with a production of 60 bbls the first day.

Down in Niles township of Dea were county, the new work is getting too far into the gas territory to be of service in increasing the production of oil. The Indiana Oil & Gas company's No. 3 on the E. Fishback farm, section 34, was a gasser, as was the same company's No. 3 on the James W. Wingate farm, in the same section.

In Fairmount township of Grant county, the Consumer's Gas Trust company's No. 3 on the C. M. Leach farm, section 3, was good for 30 bbls. In Van Buren township, the Ohio Oil company has finished up and put to pumping No. 1 on the D. S. James farm, section 31. It made 50 bbls at the start.

In Hartford township of Adams county, the Ohio Oil company's No. 7 on the T. Broadstock farm, section 27, was light, making only 15 bbls the first day.

T. N. Barnardall completed his No. 2 on the S. Long farm, in section 28 of Washington township, Blackford county, with a 20 barrel producer as the result.

In addition to the new producers in Nottingham township, of Wells county, enumerated above, W. W. Bell has a 25 barrel well in his No. 4 Mary Taylor, section 30, and H. C. Herwood & Co. have a 6 barrel well in their No. 6 on the L. B. Walsner farm, section 19.

Two more dry ones are reported from Monroe township, of Randolph county, the Woodbury Glass company No. 1 on the J. Meeks farm, section 1 and the Ohio & Indiana Oil company's No. 1 S. Gray, section 13. If Randolph districts keep up their present work for the month, a new record will be established—more dusters to the square mile than any other section of Indiana territory.

A Few From Ohio.

In Woodville township, Sandusky county, Straight and the Citizen's Savings bank, have completed No. 11 on the P. H. Kickert farm, section 31, with a 45 barrel producer as the result.

In Van Wert county, the Venetocia Oil & Gas company has a small producer in its No. 5 on the B. D. Jones farm, section 18, Jennings township, the first day's gauge showing a production of 18 barrels.

The Clover Leaf Oil company completed two wells on the Robert A. Gamble farm, section 36 Ridge township, the No. 3 making 15 barrels, while the No. 4 started at 30 barrels.

In Black Creek township of Mercer county, the Ohio Oil company's No. 8 on the S. S. Wick farm, section 19, was dry of oil but is rated as a 1,000,000 foot gasser. In section 23 of the same township, Jack McCrea has a very light one in his No. 1 on the W. A. Litter Mariner farm, the output being only 3 barrels in 24 hours.

BRONCHITIS FOR TWENTY YEARS

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Kidney and Bladder Pills. It is a cure cure."

H. F. Vortkamp, cor. Main and North streets.

Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alternative and tonic effect. R. Long, California Junction, Iowa, writes: "I had catarrh three years, lost my appetite and could not sleep. My head pained me and I felt bad all over. I took Hood's Sarsaparilla and now have a good appetite, sleep well, and have no symptoms of catarrh."

Hood's Sarsaparilla

Promises to cure and keeps the promise. It is better not to put off treatment—buy Hood's today.

PREMATURE

**Explosion of Dynamite in
Gotham's Streets**

**Seriously Injured the Workmen
Who were Building the
Subway.**

New York, Oct. 27.—The premature explosion of dynamite seriously injured two persons in Park avenue subway, near 42nd street last Saturday. Wm. Temple, superintendent of the Deegan McLean Company, struck by rocks and internally injured, was taken to Bellevue hospital. Wm. Pierce, 14 years old, of 214 east 12nd street was struck by flying rocks. The explosion caused intense excitement about the vicinity of the Grand Union and Murray Hill hotels.

He Learned a Great Truth.

It is said of John Wesley that he once said to Misses Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by Wm. M. Melville, old post office corner.

BOX BALL.

Wanted some enterprising person to open "Box Ball Parlors" in Lima. Something new and big money in this. Write for circulars, prices etc. C. M. BOWEN, State Agent, 971 Columbus, Ohio.

Out of Death's Jaws.

"When death seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at H. P. Vortkamp's drug store, corner Main and North streets.

A country boy was in town today, with sore lips. He had a companion who made funny remarks about the town people, and finally the afflicted young man said to his friend: "You are so funny you make me laugh and crack my lip."

THE TIME WILL COME.

When the Advice of this Lima Resident Will Help You.

Very few people are entirely free from backache. It does not take much to derange the kidneys. A little cold a strain, stooping positions or hard work, overtaxes those delicate organs and many aches and pains promptly follow. A Lima citizen tells you here how every kidney ail can be relieved and cured. Read about it.

Mr. H. L. Neff, of 967 east North street, employed with the Electric Light Co., says: "The pains at times in my back and kidneys were very severe and it was difficult for me to stoop or lift anything. The kidneys secretion became irregular, distressing and annoying. I tried different remedies, but without receiving any appreciable benefit. On being advised to try Doan's Kidney Pills, I procured them at W. M. Melville's drug store and began to use them. They did me so much good that I continued the treatment until radically relieved."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Every one has a greater respect for steam heat than is entitled to.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

MEN

**Who Will Count the
Votes**

Election Day.

**Judges and Clerks are
Chosen**

**And All Must Qualify Not
Later Than Monday of
Next Week.**

**The List Includes the Six Officials
Who Will Conduct Affairs
at the Polls in the
County.**

Below is a complete list of judges and clerks as appointed by the Republican and Democratic Executive committees—you are required to file oath with the board of election not later than November 3rd.

M. L. BECKER,
W. G. FERGUSON, Chief Deputy.
Clerk.

Democratic Judges and Clerks.

Amanda—John Burkett, presiding judge, Kempton, Edward Bowsher, judge, Allentown, Jas. Baxter, clerk, Allentown.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

Vital Food

The uses of Hagee's Cordial of Cod Liver Oil (SAPOLIO) are almost without number. It is nearer a "cure all" than anything else—alternative, nutritive, reconstructive, revitalizer.

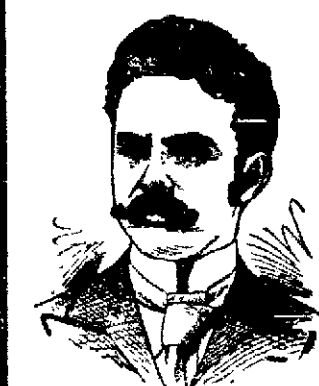

It cures Coughs, Colds, La Grippe, Weak Lungs, Bronchitis, Consumption, Catarrhal Conditions, Nervousness, Sleeplessness, Indigestion, Mal-assimilation, Rheumatism, Skin Diseases, Pimples, Blisters, Weakened Conditions following fevers, Impoverished Blood—makes more and better flesh.

Hagee's Cordial cures at once, because there is no grease in it to disorder the stomach. The grease is extracted by a new, scientific process and the valuable revitalizing and restorative properties are retained in such a form that they are at once applied to making new blood, tissue, flesh. Sold by all druggists.

LADY

From Buckland was Badly Hurt

In South Lima

Viola Kendall Creates a Scene.

Special Services Conducted at the Baptist Church Yesterday.

Church Fair to be Held in St. Johns Hall. General and Personal News of Interest.

Mrs. Amanda Young, of Buckland, experienced a painful accident at the corner of Main and Kibby streets, Saturday afternoon. She was watering her horse at the east Kibby street fountain, when the horse kicked her forcibly upon the left knee. The pain was so intense that the lady fainted. She was carried to Cramer's where a physician attended her. Toward evening she was sufficiently recovered to proceed home.

Cars Afire.
The south Lima fire department was called to the L. E. & W. coal docks Saturday evening on account of two box cars being on fire. The blaze which was a small one was extinguished without the assistance of the department.

Lost Valuable Horse.
H. R. Wade of Unipolis, drove to this city Saturday, to visit his brother Wm. Wade, on south Jackson street. Sunday morning the horse which was a valuable one, died. This is the fifth horse Mr. Wade has had to die within the last few months.

Church Fair.
The congregation of St. Johns church has decided to conduct a church fair in St. Johns hall beginning Wednesday evening November 19 and continuing until Monday evening November 24th. Besides the customary features there will be several valuable prizes awarded to successful contestants. Following is the list of articles and the candidates.

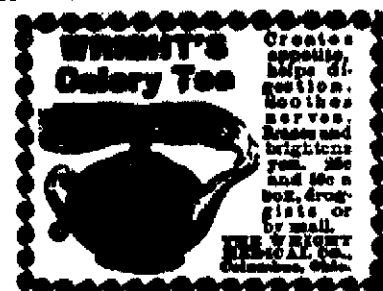

Rev. F. G. Rupert is a candidate against the local lodge of Hibernians for a beautiful silk Hibernian flag. C. M. Dingman and John Keller Jr. will compete for the bicycle. Miss Carrie Serbert and Miss Frances Mehan are the candidates for the quilt. The violin will be contested for by Martin Selbert and Walter Flahie. Mesdames Edward Daugherty and E. Connell will solicit for the cabinet organ. Miss Nellie Duggan and Miss Mollie McLaughlin are the candidates for the diamond ring.

Infant Buried.
The infant child of Mr. and Mrs. F. J. Shavella was interred in the Catholic cemetery this morning. A brief service was conducted at the Shavella residence by Rev. F. G. Rupert, of St. Johns church.

Man Returned.
Rev. G. H. Sims, pastor of the south Lima Christian church, has returned to his home on south Pine street from Omaha, Neb., where he attended last week the international convention of the Christian church. He says the meeting was one of the most enthusiastic in the history of the association. Every department of church work was considered. Six thousand delegates from all parts of the world attended. Last Thursday Rev. Sims addressed the vast assemblage upon the subject of "Obstacles in the Way of Evangelization." His discourse was thoroughly appreciated by all the delegates. His sermon will be published verbatim in the record of the convention. It will also appear in the Christian Standard.

BEST FOR THE BOWELS

If you haven't a regular, healthy movement of the bowels every day, you're in for all kinds of trouble. Keep your bowels in motion. Take a dose of **Cascarets** every day. It's the only medicine that keeps the bowels in motion without causing any harm. It's the only medicine that keeps the bowels in motion without causing any harm. It's the only medicine that keeps the bowels in motion without causing any harm.

First Sermon.
Buckland M. E. church was occupied by a large audience yesterday morning to hear the initial sermon of the new pastor, Rev. J. C. Ica. His masterly effort was entirely appreciated. He is a talented young man who will undoubtedly succeed in his new field of labor.

Pleasant Surprise.
Mrs. Wm. Hodde, of Holly street, was agreeably surprised Saturday evening by a number of friends, the occasion being her birthday anniversary. She received several appreciated tokens of esteem. Refreshments were served. A delightful time was enjoyed by all.

Expected This Week.
The family of Rev. W. M. Curry, the new pastor of the south Main street Presbyterian church is expected to arrive in south Lima this week. They would have been here sooner but were prevented on account of the illness of a member of the family. They will occupy the parsonage on south Elizabeth street, which is prepared for their reception.

Meetings Concluded.
Last night the special evangelistic services which have been in progress at the south Lima Baptist church the past two weeks were concluded. The meeting was of a helpful and beneficial nature. Rev. Schmitz with his family returned this morning to Ada, to complete arrangements for assuming the pastorate of the south Lima church to which he has received a unanimous call. He is expected to begin his duties here within the next two weeks. W. E. Houghton, the singing evangelist, who contributed largely to the success of the services will leave tomorrow for Freedom, Ind., where he will assist in a meeting.

Will Organize.
Rev. Stricken of Cridersville was here Saturday arranging to organize a congregation of the Free Methodist church. Services will be conducted in the tabernacle on south Main street.

Will Entertain.
Mrs. W. J. Hagerman, will entertain the members of the Women's Foreign Missionary society at her home on south Elizabeth street tomorrow afternoon.

Important Meeting.
The first quarterly conference will be held at Grace M. E. church tonight. All members are requested to attend. The ladies of the church are invited to be present Wednesday afternoon to receive a communication which the pastor has to submit for their consideration.

Created Scene.
Viola Kendall, an inmate of the infirmary, created excitement on south Main street near Kibby street Saturday evening. A number of ladies were badly frightened, thinking the woman was demented. Sergeant Racome, happened upon the scene and removed the woman to the police station.

Hares Returned.
The boys who stole the Belgian hares from the home of officer Ferguson, were located Saturday. The animals were returned to the owner.

Tide of Travel.
J. W. Jackson and wife, of south Union street, have returned from visit in Leipzig.

Anthony Altenbach, of south Main street, went to Sidney yesterday and accompanied his wife home, who has been the guest of relatives there for the past few weeks.

Ralph Zeigler, of Dunkirk, has taken a position with Richard McGriff, on south Main street.

Miss Sarah Mell, completing a pleasant visit with her brother, J. E. Mell, on east Vine street, left this morning for her home at Delphos.

W. A. Walton, of south Main street, has gone to his home at Ft. Wayne, Ind., where he will remain several weeks.

Messrs Belmont and Borgett, of Parkersburg, Va., with their families, are being entertained at Wm. Hammond's, on St. Johns avenue.

Adolph Layman, of Cincinnati, spent yesterday with his family on south Union street.

Hazel and Glen Dickens, spent yesterday with relatives in Alger.

Grant Kelly and wife, of Madison avenue, are spending a few days in Albany, Ind.

Mr. and Mrs. Leonard Crumline, are visiting at Santa Fe.

M. C. Ricketts, of south Pine street, is the guest of friends at Frankfort, Ind.

W. E. Hoad and wife, of west Kibby street, are home from the Lewiston reservoir where they were several days last week.
Rev. L. S. Coburn, of St. Marys, called upon local friends yesterday. While here, he preached at the First Baptist church.

Excursion to Cincinnati.
On Sunday, November 2nd the C. H. & D. Ry. will run another excursion to Cincinnati at rate of \$1.50. Trains leaving Lima at 2:10 and 6:50 a. m.

DANGER IN FALL COLDS.
Fall colds are liable to hang on all winter leaving the seeds of pneumonia, bronchitis or consumption. Foley's Honey and Tar cures quickly and prevents serious results. It is old and reliable, tried and tested, safe and sure. Contains no opiates and will not constipate.
H. F. Vorkamp; cor. Main and North streets.

FASHION'S DECREES.
A Few Hints as to What are Stylish For Ladies.

New York, Oct. 27.—To be well-gowned this season requires more than money and taste. It requires genius.

Nothing short of genius will enable a woman to distinguish between the many wonderful gowns shown and select those whose style and beauty will remain proof against the changes of the season.

Never were the modes so changeable as now. Even the tailor-made gown which at the beginning of the season showed few traces of the Etou effect, are returning to this feature as a triumph and the profuse elaboration of advance-autumn frocks has given away to a simplicity almost girlish.

These youthful creations lose nothing in cost by their absence of ornamentation, however, for the few touches of trimming that are used are selected from patterns just novel and rare enough to bring them up to the required standard of luxury.

With muscled every afternoon and matinee sandwiched between the fashionable Gothamite finds herself particularly in need of afternoon frocks and separate bodies just now.

The eccentricities and caprices of fashion find expression to the full in the fancy bodices prepared for the season. The softest, sheeniest and most graceful fabrics are employed because a material which does not lend itself to the draperies and folds of the day finds no favor with ultra-smart women.

Some of the simplest waists have only a yoke and collar of lace laid over pale blue, cream of pink crepe de chine and the effect is becoming indeed.

Others are trimmed with tuckings, or bands of velvet ribbon, without any trace of lace.

There is scarcely any fashion that holds its own better than the blouse. This is pretty when it assimilates with the rest of the dress or has an accompanying jacket, but in vivid contrast to the skirt, the harsh junction line at the waist is anything but elegant.

There is creeping in a most unbecoming fashion of wearing a short jacket showing a full blouse beneath at the waist and the sleeve ending above the elbow and exhibiting only the blouse, the sleeve extending from the elbow to the wrist. This idea is pretty for demi-toilette, but unsuitable for out-of-door wear.

A well-made gown of black and white taffeta stands out in bold relief in such company. It is cut on the cross with soft soundings by a wavy line of lace insertion, vandykes of the same lace appearing below the waist and accompanied by a bolero with a cascade flounce and a large cabbage bow on the front of the bodice.

A very dainty conceit for afternoon wear is an adjustable collar of brown silk cord passamenterie and delicate rose chenille embroidery fastened with dangling ornaments and tassels. It is not an expressive detail and completely transforms a plain waist into a dressy bodice.

HEAVY DOSE

Given to Two Tax Fixers in Chicago.

Chicago, Oct. 25.—Captain Edward Williams and Luke Wheeler, Masonic temple tax fixers, were found guilty by the jury last Saturday. Williams was fined \$1,500 and sentenced to six months in jail and Wheeler's punishment is \$5,000 fine and two years in jail.

Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. Throat's brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." See a box of all dealers, or Dr. A. W. Chase, Manufacturers Co., Buffalo, N. Y.

DAVID STEPLETON,
Of Marion County.

In some of the Ohio cities where registration is required the returns in a majority of instances show a decided decrease as compared with last year. There is a falling off of over 2,000 in the city of Cincinnati, while in Toledo the decrease will be about 2,000. In Columbus there was a gain of about 500. There was also a gain in a number of the smaller cities of the state.

Hon. H. C. Garber, of Greenville, chairman of the Democratic state executive committee, is the candidate of his party in this, the strongest Democratic district in the state. There is no reason why he should not have as large a majority as was given two years ago—5,000. In view of the fact that the next national house of representatives is very likely to be Democratic it behooves the voters of that party in the fourth district to send their spokesman to congress with as big a majority as possible in order that he and they may have a good standing in the council of the nation. It is also fitting that Mercer county give Mr. Garber as big a vote as possible. He won the nomination in the fiercest political battle ever waged in the state. It was a contest of giants and the fact that Mr. Garber was victorious was a guarantee of his high fitness for the position. No other man could have won the choice of the convention.

Mr. Garber's life and character have been as an open book, and no strain rests upon it. He may have enemies—who has not—but no charge of dishonest conduct has ever been made against him. His being made chairman of the highest committee of his party is the state is only another testimonial as to his reputation for wisdom and efficiency. Let Mercer county show the spirit of true Democracy by giving Garber its regular, old time vote—Godwater Chronicle.

INFANT CHILD DEAD.

A four-month-old child, Mr. and Mrs. T. J. Slavovich of Park avenue, died Saturday night and the remains were interred in Gethsemani cemetery today.

Election returns by special wire, Tuesday evening, Nov. 5th at Hotel Norval.

MINERS

STRIKE.

One Thousand Men and Boys Had a Disagreement with Operators and Walked Out Today.

Mahony City, Pa., Oct. 27.—Pursuant to the action taken at a meeting held yesterday 1,000 men and boys struck at the Park Place colliery this morning. Engineers, firemen and pump runners, however, are permitted to work. The colliery will not resume work until the men return voluntarily. The discharged employees on whose account the strike was declared, will not be re-instated.

FOREIGNERS AGAIN

Tamaqua, Pa., Oct. 27.—At "Number four," a small village near Lansford, a small sized riot occurred last night in which several shots were exchanged. A mob of foreigners gathered about the homes of several non-union men, and threatened them with dire vengeance. To emphasize their determination, they riddled the houses with shots. The inmates fled to the cellar, and escaped injury.

MR. BAER OBJECTED

To the Presence of John Mitchell as Representative of United Mine Workers..Makes Suggestion.

Washington, Oct. 27.—At a meeting of the coal strikers commission today President Baer, objected to the presence of John Mitchell as president of United Mine Workers before the commission. He said he would not deal with the organization. He had no objection he said to Mitchell's presence, as a representative of the miners in the anthracite region. President Baer announced that he would urge, as a solution of the labor problem, an adoption of the readjustment of a sliding scale "a profit sharing system which gave us practical peace in the mines for so many years."

THIRTEEN MILLIONS

Will not Cover the Estimated Expenditures up to June, 1904, According to Rear Admiral O'Neil.

Washington, Oct. 27.—Rear Admiral Charles O'Neill, chief of the bureau of ordnance, in his annual report, estimates his necessary expenditures for the fiscal year ending June 30, 1904, at \$13,182,806, of which the sum of \$10,000,000 is for the increase of the navy, armor and armament. The next largest item, above two and one-half millions, is for tools and the new

ENORMOUS SHORTAGE

Of Stillman, the Defaulting Official is Due Either to Dabbling in Stocks or Cavorting with Women.

New York, Oct. 27.—Claude Stillman, a former private secretary to Governor Murphy, of New Jersey, who was arrested here Saturday has been taken to Newark to answer to charges of having misappropriated \$40,000 of the Murphy Varnish Company, of which he was secretary and

NOTICE MACCABEES.

The ladies of Lima have No. 4 will meet Wednesday morning at 9 o'clock to make arrangements to attend the funeral of lady Anderson.

We find that we have reached that age when we like to grumble about the young folks who think they didn't have a good time at a party unless they laughed and sang and shouted on the streets on the way home.

C. E. U. L. MEETING.

The executive committee of the C. E. U. L. will meet at the Y. M. C. A. this evening at 7.30 o'clock. A full attendance is desired. By order of CARRIE GAMBLE, Secretary.

Marriage is the best thing in the world for many men for the reason that their salvation depends upon keeping in a rut.

CARS

In the Elmwood Place Wreck

Sent to Lima

To be Put in Shape for Service Again.

Shattered Condition of the Coaches Discloses Extent of Collision

And Makes it a Matter of Wonder That no Lives were Sacrificed—Traffic Blocked by a Wreck Saturday.

Standing on the tracks in the west end of the C. H. & D. shops are the two passenger coaches which figured in the wreck at Elmwood Place when No. 11 dashed into an open switch.

To see the wrecked condition of the cars, one would wonder how it was possible for the passengers on board to escape in the miraculous manner they did, and that a score of lives were not crushed out is indeed a miracle. Coach No. 68 has half of its side and nearly the whole of one end torn completely away and splintered timbers, twisted iron and broken glass tell a tale of marvellous escapes from frightful injuries.

The other coach, No. 142 is in even a worse condition and yet the most accidents received by any one on board, was a broken leg. In a seat just where the end of the car was ripped open, sat Rev. Barlow of Dayton, but the shock of the collision pitched him to the other side of the aisle and saved him from a frightful death.

The cars have been stripped of their lamps, cushions, etc. and will be taken into the shops for repairs as soon as room can be made for them.

Shoulders it Like a Man. Conductor D. M. Anderson, who was in charge of the local freight when the switch was left open at Elmwood Place causing the wreck of passenger train No. 11 has accepted a position as cashier at the Manhattan and for a time at least will give up railroad life.

Mr. Anderson, who for years has been a faithful servant of the C. H. & D., takes a philosophical view of the situation and takes to himself at least a share of the blame. While it was his duty to close the switch he acknowledges that it devolved upon him as conductor of the train to see that it was done. In the rush of business, and the hurry to get away to comply with orders, he forgot to look back to note the position of the switch and only knew of the mistake when No. 11 left the main track. "My blood stopped circulating for twenty minutes," was his remark to the Times Democrat representative this morning, but my thoughts were of the unfortunate people on board and not of myself. It was a kindness to me that no one was killed, but the railroad company always fixes the blame and the responsible ones must stand for it. We are all prone to make mistakes and I am thankful that in my case it was no worse.

Wreck at Glendale. Traffic was delayed for two hours on the C. H. & D. at Glendale Saturday by a wreck caused by third No. 90 which was coming north. Billie Fitzmaurice was in charge of the freight and engineer Fred Smith in the cab. At Glendale they had to saw by a passenger train, and in making the shift, No. 90 backed into another section of the freight putting the caboose up on the engine and blocking the track. The matter is now up for investigation.

How It's Done Today. One locomotive pulled a freight train of 101 loaded cars, containing 4,013 tons between Sayre and Weldon, Pa. recently, making three stops, a distance of 82 miles in 6 hours and 7 minutes. This is probably the record to date and when both weight and speed are considered is a most remarkable performance. The rapid moving of freight is one of the serious questions of modern railway management. The time when facility made no difference has passed and now shippers are wanting quick deliveries. The shipment of perishable goods will increase in proportion as the rapidity of transmission increases. The shipment of green fruit across the continent was not thought of 10 years ago, now it is a regular and profitable business.

Tennessee and Alabama Railroad. Florence, Ala., Oct. 27.—New York capitalists have secured rights of way

in this city. The railroad is to run through Lauderdale county, Ala., and Wayne county, Tenn., with Florence as the southern terminus and Clifton, Tenn., as the northern terminus. The section to be traversed is rich in hardwood timber, oak and poplar abounding, and is mineral resources.

SEARCHING

For the Trend of Oil in Van Wert County.

The only activity shown is south of town, says the Van Wert Bulletin. The Vendocia Co. is drilling two wells on the D. B. Jones farm, while across the road on the D. W. Evans land the Cuba is hustling to get ready for the driller. The Cambrian's David Alban No. 2, is about in, and the next rig is ready on the Hughes farm. It is the company's intention to connect their wells and pump all together. The power will be located at the David Alban's No. 1, in the woods. Work on their David Alban No. 2, has been delayed considerable because the contractors have been unable to secure fuel.

Another failure to extend the territory westward into York. The E. T. Jones is no good and surrounding leases are being returned. Taking this town as a starting point the producing belt seems to run northward along the line between York and Jennings townships but before it reaches Washington township it swerves diagonally across the northeast corner of York township when it takes another turn and goes westward for a short distance along York and Ridge. The drillers are now trying to find where it next goes. Many oil men think the belt extends across Ridge to the old gas field.

SPORTS.

Saturday was a mournful day for O. N. L. Special trains loaded down with loyal rooters from the State University poured into Ann Arbor to meet the great Michigan eleven and then followed a slaughter that took all the stomachs of Buckeye fans.

Michigan was heavier, stronger and more experienced. When over a week's training showed off there was a very fresh and hot substitute. Ohio was weak in its ends. Michigan rolled me around for long gaps, but the strike was faster by punting. Ohio is usually being a bit for downs after gaining possession of the ball. When the game was over Michigan had 56 points to Ohio's nothing.

Prof. Carl Zeiss was a spectator at the game and Lima has rooters for both sides. The two universities having their favorites from among those who had been educated within the walls of the respective universities.

Sidney easily defeated Breifton tane, Friday the score resulting 21 to 2. Bellefontaines two points were made by a punt across Sidney's goal the ball being captured by a Sidney player.

A CARD TO THE PUBLIC.

As one of our neighbors has insinuated about my retiring from this business, I beg to state that I am going to retire from business just as soon as possible for reasons of poor health, which I can prove by one of the foremost doctors in Lima. Our little neighbor evidently feels hurt about something which we can't account for. The Dissolution Sale will be going on just the same, whether he likes it or not, and our prices will be lower than ever.

M. J. Wertheimer, of Loewenstein & Wertheimer.

OXYDONOR

Fans increases, intensifies, the fire of life. It converts chemical into physiological combustion, and the dying into the living process, and fosters life by powerful impulses to all its functions. Thus without treating disease, it renders its every form impossible by generation of great vitality. Thus it reverses the process of degeneration, decay and death. Thus it induces spontaneous cure by means of the activity of the functions provided for the maintenance of life, is every organism by its structure, shows, was intended by nature these instruments have been applied in millions of cases without a failure under fair test.

MAYOR'S COURT

Four Prisoners Arraigned and Fined Today.

There were only four prisoners arraigned in mayor's court this morning and they were soon and easily disposed of. Wm. Black and H. J. Lepsum were fined \$1 each for drunkenness. George Jones was assessed \$5 for fighting and Oscar Shoup was fined \$5 for drunkenness. Chief Mills has not yet returned from St. Louis where he went to take charge of Martin Brennan, wanted here for the Bird wool robbery.

MRS. HEIL

Surprised by a Party of Friends Last Night.

Mrs. John Heil, was surprised by a party of friends last evening the occasion being her 32nd birthday anniversary. A number of her friends gathered at her home and celebrated the event in a very enjoyable manner. At a late hour, a delightful lunch was served. The great pleasure in going to an amateur show is in talking about it after it is over.

GOOD

Work Done by Effie Powers

This Season.

Has Won Over Two Hundred Heats

And Has Lowered Her Record to "Two-Eight and a Quarter."

Great Harness Performer Formerly Owned by A. A. Scott, a Leading Factor in Turf History.

John McCartney, the popular horse man and turf writer writes the following to the Cincinnati Commercial Tribune concerning Effie Powers, the great racing mare that was formerly owned and campaigned by A. A. Scott, of this city.

There has been but few greater harness performers than that splendid old campaigner Effie Powers (2 8 5/4) and she has fairly outdone herself during the present season.

She has won 265 heats in standard time and this year has been doing better than she ever did before, and her owner, M. J. Coolhan of Baltimore, thinks she can pace a mile in 2 1/4 over a good mile track. The great old daughter of Anderson Wilkes will be taken South again this fall and will race for several weeks longer through the Southern circuits.

Effie Powers will go down in turf history as the most sensational race horse that ever lived, and she will rank alongside the Patchen, Ceres and all of those other great champions. Again and again old Effie races gamely and well and gives a fraction from her record. The yearling reduced her record to 2 1/4 1/4 and she is a good track before the season closes is very likely to still further reduce it.

CHAMPION

Of Strike Committee Publishes a Letter

Which Deals With the Wabash Boilermakers.

Short Life and the Mansfield Dangers of the Work and Plea for an Increase in Wages.

The boilermakers of the Wabash shops at Ft. Wayne have been on a strike for several days and the situation remains unchanged. The officials refusing a demand for higher wages and the men as stubbornly refusing to return to work. There has been considerable controversy over the matter and the following public letter addressed to the Ft. Wayne Sentinel by the chairman of the strike committee gives the strikers' side of the case as well as an argument in favor of the demand.

Fort Wayne Ind., 27—Editor Daily Sentinel: For the information of the public we ask you as a favor to the Wabash boilermakers who are out on a strike for increased wages to publish this communication regarding the condition of the boilermaker's life and the present situation. The life of a boilermaker, on the average is shorter by ten years than that of other trades, especially when compared with that of the machinist. The boilermaker is in his prime, or at his best capability between the ages of 25 and 45 years, while that of the machinist is from 35 to 55. In some places boilermakers receive some returns for this shortage in their lives namely by receiving higher rates of wages but it has not been so in our cases here. Besides we are much more liable to detrimental accidents, especially in the loss of our eyesight, our hearing, and minor accidents, and also from broken health. There are in this city today, about twenty eyeless boilermakers. In regard to deafness, there are few who do not suffer. Only those who have been there know the terrible brain-racking noise in the boilermaking department. The boilermaker begins to feel this deafness coming on him at the age of 30, and especially is this true, since the introduction of those newly invented

ATTRACTIVE NEW GOODS.

nerve-racking, ear-splitting, paralyzing ear hammers. Many people know and realize something of this deafness that comes to the boilermaker when they talk with us. It is a standing joke that our answers to questions from friends are "What's that?" "Don't understand." "Say, I'm a boilermaker, you'll have to talk louder."

As to accidents, go back in your issues and you will find items innumerable where some of our numbers have suffered personal injuries from a fall or a burn, etc. Take it in the infernal roundhouse where the boiler makers take their lives in their hands nowadays by crawling into hot fire boxes when the steam pressure is from 20 to 100 degrees, and over hot arches, to say nothing of soot and hot ashes. In the winter, when the thermometer stands at zero, going into one of these places is like ice cream turned to butter and then to refrigerator beef. An unlucky blow on a weak spot or a fine plug in a bursted flue means that the boilermaker will be scalded to death. No wonder, then, that these boilermakers sometimes take a brace to wash down the soot and dust, let alone to stimulate their aching bodies. Can you blame them for that? Another thing that depreciates our standing in society is that fatal curse called "pneumonia." It teaches the rankest kind of selfishness, hatred and greed among our brethren and the best of them. In these prosperous times we workers have good appetites and a taste for good dress, which we certainly need to keep from being garnished.

Yours truly,

F. C. NOHRWALD

"Chairman Strike Committee."

Water rent now due for last half of year 1902. 1-1f

THE STAGE.

"Rip Van Winkle" is a play full of interest, comedy and pathos. The mounting is the most beautiful ever given this play, the dressing being extravagant, new and novel. All of the superb scenery forms part of the massive equipment carried for the production. The costumes, properties, etc., are correct and the acting company has been selected with great

care. J. A. Simon conceded to be the greatest "Rip" of late years is entrusted with this important character and his interpretation has been unanimously indorsed as very artistic. "Rip Van Winkle" will be put on at the Faurot opera house tonight.

Hanton's Superba is doing a phenomenal business, larger than any theatrical year before so far, this is the result of having always something new to give the public—as the slangsters have it Superba "delivers the goods." New mechanical scenery of the awe-inspiring as well as the laugh provoking kind—beautiful transformation latest novelties in vaudeville specialties. This attraction will be at the Faurot opera house on tomorrow night.

The forth coming engagement of "The Prisoner of Zenda" is of special interest. This great play is the result of the dramatized form of Anthony Hope's novel of like title. The success of the book possibly signalized the success of the play, but if the former won immortal fame for its author, the latter has merited univer-

sal renown for itself as a masterpiece of dramatic art.

The ever progressive firm of Shipman Brothers who will direct its present tour have engaged a company of artistic worth, mounted the play in magnificent style and promises a production second, not even to its New York engagement, when it comes to the Faurot opera house on next Wednesday, October 29.

"Florodora's" Successor.

In New York, the chief novelty of the week in dramatic circles is the premier at the Broadway theatre tonight of "The Silver Slipper," which is announced as the successor of the popular piece, "Florodora." The new production is the work of the same authors who wrote "Florodora," and is also under the same management. It comes to this country with the reputation of having already scored a big hit at the Lyric theatre London. In the cast are Cyril Scott, who had a part in the London production, and Edna Wallace Hopper, who was a leading figure in the "Florodora" production.

If you think you have a will of your own, try to stop smoking.

COMING TO LIMA,

LIMA HOUSE, THURSDAY, OCTOBER 30TH, 1902

CAUGHT

His Thumb Behind the Knuckle Of Draw Bar.

Accident That Befel Fireman Stewart

Which May Cost Him the Thumb Upon His Right Hand.

New Engines on the C. H. & D. Assigned for Service. Several Brakemen Passed Examination for Conductors.

C. H. & D. fireman W. R. Stewart, met with a peculiar accident Wednesday morning which may cause him the loss of his thumb on the right hand. He was firing for engineer Zet Baker, and while heading in on a siding in the north Lima yards when the engine came in contact with several cabooses which coupled themselves onto the jenny draw bar in the forward end of the engine. When the train got in to clear, fireman Stewart uncoupled the engine from the cabooses and attempted to push the knuckle of the draw bar back into place, when all of a sudden, the engine was moved forward, catching his thumb behind the knuckle. It was two hours before Stewart received medical attention and his sufferings during that time were severe. The thumb was terribly mashed together with the bone being broken. His hand is badly swollen today and it is thought the injured thumb will have to be amputated.

New Engines Assigned.

The new C. H. & D. freight engines recently received from the Pittsburgh locomotive works have been assigned as follows: No. 365, engineer T. B. Sullivan and fireman Dave Murphy; No. 366, engineer Jas. Osman and fireman Arthur Reese; No. 367, engineer W. H. Warner and fireman "Buck" Bell. The 368 will be controlled by engineer Eddie Flannigan while fireman W. A. Tychon will try to keep her hot.

Brakeman I. S. Hendershot, C. H. Blodgett and W. J. Perry of the C. H. & D. have all passed the examinations for conductors and will in the future carry the bulls and sign train orders.

A Damage Suit.

Mrs. W. S. Sackett, of Leipsic, has commenced suit against the C. H. & D. railroad. She charges that on returning from Toledo one night last March she was carried beyond her destination and had to get off the train at a point between the junction and the city depot at Leipsic. In the dark she stepped down a steep embankment and received internal injuries.

No Change in Schedule.

Officials of the Pennsylvania system have practically decided to make no changes in the schedules of through trains this fall. A preliminary time card meeting was held in the general offices at Pittsburgh to consider necessary changes in the express train service, but the conclusion was reached that it would be inadvisable to make any alteration now. The heavy movement of freight is directly responsible for this decision. It is claimed by the officials that to reduce the running time of the through trains means serious interference with the freight traffic. To avoid all possible dangers of congestion the company will make no changes in the passenger service.

A Nice Balance.

The annual report of the C. H. & D. showing the result of operation of the system for the fiscal year, ending June 30, is as follows:

	1902	1901
Gross earnings	\$6,352,164.34	\$6,352,164.34
Operating expenses, taxes	4,334,055.90	4,334,055.90
Net earnings	\$2,018,108.44	\$2,018,108.44
Gross earnings	\$5,837,915.97	\$5,837,915.97
Operating expenses, taxes	3,819,915.97	3,819,915.97
Net earnings	\$2,018,000.00	\$2,018,000.00

The earnings both gross and net were the largest in the history of the company.

Gross earnings increased \$514,248.37, net earnings, \$212,108.28, operating expenses and taxes, \$313,142.00.

Passenger earnings increased \$79,812.35. Freight earnings for the year increased \$427,075.53.

We wonder that some of the patent medicines don't advertise that they make a stomach fit for sausage and buckwheat cake, and thus make a hit with the men.

LOOMING

Up as a Country for Investment.

Bureau Has Some Important Statistics

Showing the Importance of South Africa as a Market for United States Products.

The growing importance of South Africa as a market for products of the United States is illustrated by some figures just received by the Treasury Bureau of Statistics. They show that the imports into Cape Colony, Natal, Delagoa Bay and Beira amount to last year to more than 150 million dollars, or nearly treble the total for a decade earlier. These figures are published by the British South African Export Gazette. They show that the imports of Cape Colony in 1901 were \$194,330,000; those of Natal, \$46,500,000, Delagoa Bay, \$903,327, and Beira, \$2,037,085; making a total of \$153,750,462. This is a marked increase over the imports of the preceding year and is two and a half times as much as the total for 1892, a decade earlier, the figures being for 1892 \$61,653,000, 1895 \$82,648,000, 1900 \$115,276,000, and 1901, as already indicated \$153,750,462. Of this total importation into South Africa \$45,910,000 was from the United Kingdom, \$25,037,000 from British colonies and protectorates, \$12,848,000 from the United States, \$5,441,000 from Germany. Comparing 1901 with 1900 the total increase has been very large, the figures for 1900 being \$115,536,000, against \$153,750,462 for 1901. Of this increase of 38 million dollars \$27,000,000 was in the imports from the United Kingdom, \$1,465,000 from British possessions and protectorates, \$1,952,000 from Germany, and \$1,601,000 from the United States showing that Germany made a larger gain in its exports to South Africa during the year than did the United States.

The United States it will be observed occupies second rank in the list of countries supplying South Africa, the largest figure being United Kingdom \$84,916,000, the next largest the United States \$12,848,000, Victoria \$8,441,000, and Germany \$5,441,000.

An analysis of the imports into South Africa by countries shows that the growth has been very rapid, and especially so in imports from the United States. The figures, stated in pounds sterling being from the United States \$415,120 in 1892 and \$2,640,195 in 1901, from Germany \$172,172 in 1892 and \$1,118,010 in 1901 from the United Kingdom \$1,011,837 in 1892 and \$2,026,200 in 1901.

The rapid growth in imports into South Africa from the United States and the extremely rapid growth in the consuming power of Africa adds interest to the latest statistics of the trade of the United States with Africa. These figures show that for the eight months ending with August 1902 our total exports to Africa as a whole were \$22,469,572 against \$17,707,186 in the corresponding months of 1901 and \$14,597,337 in the corresponding months of 1900.

The following table shows the principal articles exported from the United States to British Africa in 1901, compared with 1892.

	1892	1901
Total domestic exports	\$3,453,790	\$21,613,995
Horses	3,458,456	3,458,456
Mules	2,438,776	2,438,776
Rum	836,798	1,382,029
Mineral oils, refined	408,544	1,322,474
Machinery	178,385	1,055,450
Other iron and steel mfr's	194,422	1,509,150
Wheat flour	42,039	894,302
Wheat	22,009	746,817
Provisions, except beef canned	44,564	849,474
Boards, deals & planks	214,785	594,038
Cars, carriages, etc.	73,686	517,706
Corn meal	496	476,632
Corn	496	397,292
Household furniture	67,721	352,597

Do Good—It Pays.

A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than a substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time."

Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time."

Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time."

PRINCETON HONORS HER NEW PRESIDENT.

With Impressive Ceremony Dr. Woodrow Wilson is Installed.

Under Hall Saturday with simple ceremonies but before a great and enthusiastic company. Dr. Woodrow Wilson was formally installed as president of Princeton University. The event was chiefly notable for the general feeling of satisfaction with the man who is to guide the destinies of the great institution of learning. The hall was filled to overflowing with students, professors, alumni and distinguished visitors, all attired in academic garb. The principal addresses were those of the new president, the former president of the university, Dr. Patton, and Grover Cleveland, ex-President of the United States. Following the installation brief congratulatory addresses were made by representatives of the University of Michigan, the University of California, Cornell and other leading colleges and universities of the country; also J. P. Morgan, the famous financier, former speaker of the House, Reed Smith, Lincoln, H. C. P. and Hon. W. MacVeagh.

Woodrow Wilson, the new president of Princeton, was born at Staunton, Va. in 1856, his father being a minister of the Southern Presbyterian church. He began his academic studies at Davidson college and after graduation with honors from Princeton and Johns Hopkins University in 1880 he has been an instructor at Princeton. He is regarded as one of the highest authorities on jurisprudence and political economy.

BOLD FOOTPAD

Assaulted a Man Upon the Public Street

And Robbed Him of His Money. Victim is Now Dying at the Hospital.

Cleveland, Oct. 27.—Henry Hotel, a metal polisher, was fatally shot in Florence street last night by a footpad. He is now dying in the hospital. The robber got about \$100. Neighbors saw a negro lurking about the locality and he is thought to have committed the crime.

High Living and Cancer. An English physician declares that high living the use of wine and other stimulants and of strong animal food, aggravates all the symptoms arising from cancer.

NEVER ASK ADVICE.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy. It cures coughs and colds quickly.

H. F. Vortkamp, cor. Main and North streets.

For a pleasant physic take Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by Wm. M. Melville, old post office corner.

His Life in Peril. I just seemed to have gone off to sleep," writes Alfred Bee of Welfare News, "billionaire and a lame back. I couldn't get to sleep and felt almost too weak to work when I began to use Chamberlain's Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigor, health and new life to weak, sick, run-down people. Try them. Only \$40 at H. F. Vortkamp's, cor. Main and North streets.

Easy Task Soap

MONUMENTS

To the Boundary Line in the Opening of the New Alaska.

Have Been Found Defining British and American Territory.

Seattle, Oct. 27.—U. S. Lt. Brown has been notified of the finding of the ten-foot stone monuments in Alaska, placed by Russia, which establish the boundary line between America and British territory. The monuments place a vast mineral belt in American territory.

CELEBRATION

At the Opening of the New Soo Canal.

Sault Ste. Marie Mich. Oct. 27.—Saturday saw the greatest celebration in the annals of Sault Ste. Marie, the occasion being the opening of the great plant of the Michigan Lake Superior Power Company. By order of the mayor the day was observed as a civil holiday and business houses and public buildings were decorated with flags and bunting. Attending the opening were several thousand visitors, including officers and stockholders from various parts of the country. The plant is one of the largest in the country and its opening is expected to mark a new era for the Soo and her people.

SPENT MORE THAN \$1,000.

W. W. Baker, of Plainville, Neb., writes "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and thanks to this great remedy it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes.

H. F. Vortkamp, cor. Main and North streets.

Tattooed Whiskers.

The Amn women tattoo their faces to give them the appearance of men with whiskers.

Goes Like Hot Cakes.

The fastest selling article I have in my store," writes Druggist C. T. Smith, of Davis, Ky. "Dr. King's New Discovery for consumption, coughs and colds, because it always cures. In my six years of sale it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and H. F. Vortkamp guarantees satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

MOST LIBERAL

Have Been Donations to McKinley Memorial Cause.

Canton O. Oct. 27.—The trustees of the McKinley National Memorial association held their first annual meeting Saturday, former secretary of state Day presiding. The report of treasurer Myron T. Herrick showed that gratifying progress is being made nearly the entire memorial fund now being subscribed. Following the business meeting the trustees visited the tomb of the late President and afterwards inspected several sites proposed for the memorial. The definite selection for the site will probably be announced at an early date.

STRONG EFFORT

Will be Made to Restrict Immigration.

Washington, Oct. 27.—Strong efforts will be made at the approaching session of Congress to secure the adoption of some legislation that will tend to restrict immigration. The president will discuss the subject in his annual message. Immigration is increasing and it is significant that the increase comes from the least desirable communities.

NEWSPAPER

ONE

Result of Love's Young Dream

Is Awakening

To the Stern Reality of Violated Trust.

Mr. Webb's Forgiveness was Dearly Bought on Several Occasions

But He Lived Long Enough to Learn That His Confidence was Misplaced—Divorce Matters.

W. H. Webb, a switchman on the C. H. & D., is the plaintiff in a divorce suit filed Saturday afternoon in which sensational charges are made against his wife. The date of the marriage is given as March 25, 1889, and the place, Bowling Green, two children, Florence, aged 14 and Clayton, aged 8, completing the family.

The principal charge contained in the petition is adultery and the violation of the marriage contract in this report seems to have been of frequent occurrence. The first incident of the kind is described as having occurred in Toledo in 1893, but the respondent's name is not given. From Toledo the family moved to Ft. Wayne and from there to Leipzig where absolute evidences of infidelity were placed in the hands of the complaining husband. He says he returned home at night and found a half-dressed man hiding under the bed in his wife's room. A separation followed, but entreaties on the part of the wife led to forgiveness.

When they came to Lima, the same act was repeated with consequent discovery and this time a man by the name of Jenkins is referred to as the companion of Mrs. Webb. The husband, for the sake of his children, again overlooked the act, but recently he discovered that his wife was intimate with a man named Schlusser. The latter, so the petition alleges, was a friend of Frankie Seals and the latter had a fight with the defendant over the alienation of Schlusser's affections.

This last straw was the one which proved too much for the overburdened camel to carry and Webb now asks that he be separated from the woman whose promises of loyalty were as easily made as they were forgotten.

A Case of Desertion.
Mrs. Ada DeWitt, who some time ago filed a petition asking for a separation from Lewis F. DeWitt on the ground of willful absence, substantiated her claim for a divorce Saturday and a decree was granted.

BOILERMAKERS QUIT WORK AT NOON.

About Forty Lima Machine Works Employees Walked Out Today.

Most of the employees of the boiler shop at the Lima Locomotive & Machine Co.'s works on east Market street, quit work at noon today and did not resume their duties when the whistle blew after the expiration of the noon hour. There are in all about forty men in the walk-out.

General superintendent White was interviewed by the Times-Democrat and he stated that he had received no formal notice of a grievance from the men and could not state the cause of the strike, if it was a strike. One of

A Post Script.
Publication was made several days ago of an application filed by Richard T. Wandell asking that a decree of divorce granted his wife be set aside, the motion prepared by Wandell's attorneys setting up that he was not given an opportunity to make a defense.

Saturday afternoon in Judge Cunningham's private office the motion was heard and the court felt called upon to withdraw his former decision and set the case for hearing next Tuesday at one o'clock. The decree was set aside because, in the opinion of the court, perjured evidence had been admitted. Mr. Lee, who represented Mrs. Wandell explained to the court that there had been an agreement between Wandell and his wife, whereby the former was to receive \$450 and release what dower interest he had in the property on east High street.

Wandell testified that there had been a proposition of the kind referred to, but no agreement had been entered into, and he denied having agreed to accept the amount named, providing he would make no defense. It remains to be seen now what defense the husband can make against the charge preferred by his wife.

Court House Briefs.
Gillie Osman, who escaped indictment by the grand jury, but was no sooner at liberty than he stole a drawing knife from a carpenter, was taken to the work house by sheriff Barr Saturday to serve a 30-days sentence delivered by Mayor Rogers.

Harvey Bowsher is today an inmate of the penitentiary where he begins the serving of a three and a half years sentence for forgery. Sheriff Barr transferred him from the jail to the state bastille this morning.

A warrant was placed in the hands of deputy sheriff Freet this morning and he proceeded to Yoder, where he secured possession of Jesse Winegardner and brought him to Lima for an inquest. He was found sufficiently rational to remain at large until the hearing is held on Thursday.

Kate Greenwood has had a recurrence of her old form of insanity and had to be removed from her home on north Main street this morning. She will probably be sent back to the Toledo asylum from which she was last temporarily released.

Wm. F. Davis, the west Kibby street grocer, who recently made an assignment, will have his affairs straightened out in the bankruptcy court, a petition in involuntary bankruptcy being filed this morning by attorney J. D. Armstrong on behalf of three of Davis' creditors. A receiver was asked for and attorney Fred Becker was appointed.

The petit jury is having a stubborn fight over the damage suit of Harry Gungery vs. the Hinde-Dauch paper company, of Delphos. The charge was delivered at 3:15 yesterday afternoon and up to three o'clock today no verdict had been agreed on. The jury was dismissed at five o'clock yesterday evening and went into session again this morning at 9 o'clock.

Marriage Licenses.
Joel Amstutz, 23, of Monroe township, and Caroline Diller, 20, of Richland township.

SANG

The Joyous Nuptial High Mass

For a Wedding

Which United Hearts and Hands

Of Miss Margaret Dunn and Mr. Phil. Minaugh at St. Rose Church.

Rev. A. E. Manning Officiated This Morning at One of the Most Charming Marriages of the Season.

One of the most charming weddings of the year occurred this morning at St. Rose church, when Miss Margaret Dunn became the happy bride of Mr. Phil. Minaugh. The ceremony was performed at 8:15 o'clock by the pastor, Rev. A. E. Manning, and was witnessed by a very large number of the friends and relatives of the happy bride and groom.

The bride and groom were met at the doors of the church vestibule when they entered the edifice, by Master Leo McDonald and Master Clarence Doolin, who were clad in their cassocks and who served as pages during the beautiful and impressive marriage ceremony. They preceded the bride and groom to the altar conveying the wedding ring on a silver salver and as the party passed down the aisle a beautiful wedding march was rendered by Miss Anna Cantwell, who officiated at the pipe organ.

After the marriage ceremony was concluded nuptial high mass was celebrated by the Rev. Father Manning and beautiful music was rendered by the church choir, of which the groom is a member.

The bride appeared quite charming in an elaborate traveling costume of mode broadcloth, trimmed in appropriate fur. She also wore a waist of white China silk, trimmed with turquoise blue French knots and lace, and wore a mirror velvet hat faced with white chiffon and trimmed with a large white plume. She carried a pretty cluster of bride's roses. Mr. Minaugh wore a dress suit of the conventional black.

After the impressive ceremonies at the church, the wedding party repaired to the home of the bride's sister, Mrs. T. J. Mullin, at 624 south West street, where an elaborate wedding breakfast was served. The bride and groom will leave this evening for a ten day's visit in Columbus and with relatives of the groom at New Lexington, O.

Mr. and Mrs. Minaugh received a profuse array of beautiful wedding presents and they have the best wishes of a legion of friends all of whom sincerely hope they may be as happy throughout life's entire journey as they were today. Mr. Minaugh is one of the city's popular and prosperous young business men, a member of the firm of Dunn and Minaugh, and his bride is a most estimable young lady. Upon their return from their wedding journey, they will be at home to their friends in the neatly furnished home provided by the groom at 529 north West street.

TRAIN STOPPED

Suddenly and Miss Bernice Irens was Injured.

Last night Miss Bernice Irens, a young girl living at 331 Second street, was severely injured on an L. E. & W. passenger train while on her way home from Indianapolis. When the train neared the station at Lima, she and her mother thought the Erie junction had been reached, and left their seats and approached the door, preparing to alight from the coach. The train stopped very suddenly and Miss Irens was thrown with violent force against the door. She sustained a severe wound in her forehead and was removed to her home in Bennett's ambulance when the train reached this city.

MEET THIS EVENING.
Garrett Wyke Lodge No. 585 F. & A. M. Stated Communication this evening at 7 o'clock. Work in the M. M. degree, visitors invited.
W. E. MOORE, W. M.
E. H. JOHNS, Secy.

PERSONAL MENTION.

Mrs. Mill Dazell is visiting her husband, who is at Burasido, Ky. She was accompanied by her sister-in-law, Miss Emma Dazell.

Mrs. Walker, of Lima, was here Saturday on her way to Richmond to visit her parents.

Mr. and Mrs. H. E. Sowers, and daughter, Winifred, of Van Wert, spent the day in Lima yesterday.

Mrs. Frank Motheany went to Fiqua Saturday and will remain until Tuesday, the guest of relatives.

W. H. Crimmel, spent the day yesterday at Hartford City, Ind., where Mrs. Crimmel is the guest of relatives.

Mrs. M. S. Dazell and Miss Emma Dazell, of Market street, have gone to Cooper, Ky. The former goes to visit her husband and the latter goes to visit her brothers, M. S. and Frank Dazell, who are engaged in drilling there.

Mrs. J. J. Collins and son Virgil, of Wapakoneta, are the guests of friends and relatives here and will remain throughout the week.

Mrs. Ira Herrick has returned to her home in Delphos, after a brief visit with Mrs. Eunice Dazell, of east Market street.

The Misses Maud Lyon, Julia Collins, Bessie Lyon, Carrie Leideigh and Kate Markland, of Sidney, spent Sunday with Mr. and Mrs. George A. McClure, of east Elm street.

Charles Sellers is ill at his home on 116 east Pearl street.

Miss Ellen Pickett and Miss Katie Shea, of Berkeley, R. I., are in the city, called here by the death of the former's sister, Mrs. John Burke, of Ewing avenue.

Mrs. P. Reilly, of south Main street, is visiting her daughter in Huntington, Ind. She will also visit friends in Chicago and with her brother, who is clerk of the Appellate court in Ottawa, Ill., before her return home.

Miss Lucy Reilly, of south Main street, is the guest of her sister Mrs. J. E. Curran, of Huntington, Ind.

Misses Jo and Nellie Lynch, of north West street, were called to their home, Clyde, O., today, on account of the serious illness of their mother.

Mrs. A. Neistrum and children, of east Eureka street, arrived home Sunday morning after a visit of six weeks in the East. Mr. Neistrum went east two weeks ago and accompanied them on their return.

S. M. Morrison, oil producer, of 215 north Washington street, removed his family today to Marion, Ind.

SERVICES

At Epworth Church Largely Attended.

Epworth church was crowded yesterday both morning and evening. At both services the auditorium was not large enough to hold the crowds and the Sabbath school room had to be used. The crowds that worshiped last winter in the opera house have not forgotten Rev. Anderson and are now attending his services in the new church of east Bellefontaine avenue. Last evening Rev. Stewart Baumgardner preached on "Naaman." The sermon was one of the finest ever heard in the city. The evangelist was at his best and at the close of the service 9 persons bowed at the altar asking the forgiveness of their sins. A great revival is expected. The services will be held each evening this week and every one is invited. Come early and get a good seat.

CARD OF THANKS.

We wish to return our sincere thanks to the friends and neighbors who so generously assisted us during the illness, and after the death of our beloved wife and mother.
John Burke and daughters.

FOOT CRUSHED.

Harry Knisley the Victim of an Accident.

Harry Knisley, of the Knisley Shirt manufactory, was severely injured in Detroit Saturday. He started to step into an elevator just as the car started and the boy in charge seeing that Mr. Knisley wanted to get in, immediately started the carriage down. Mr. Knisley had unconsciously placed one foot over the edge of the opening of the shaft and it was caught there and severely pinched by the car.

A physician dressed the injury and Mr. Knisley is now at his home at 331 west North street.

GOODING'S SHOE NEWS.

We are glad to announce that we have secured the agency of

Dr. A. Reed's Cushion Shoe.

If there is any one thing more than another which will bring comfort to humanity, it is Dr. Reed's Cushion Shoe. This shoe was invented by Dr. A. Reed, a leading chiropractist of St. Joseph, Mo., who has effected many cures by the use of it. He says it is almost impossible to cure any of the ailments of the feet without first removing the cause, viz: the hard insole of an ordinary shoe. The invention has for its prime object the production of a shoe to be worn by persons who suffer from corns, bunions, ingrowing and club nails, tender, burning feet, enlargement of the metatarsal and metacarpal joints; in fact, all ailments the feet are heir to. People afflicted with rheumatism or neuralgia will find this the only shoe to keep their feet dry. This shoe, however, is designed not alone for those who are troubled with the various ailments mentioned, but is being worn by thousands who appreciate comfort and who desire to keep their feet in perfect condition.

WE CARRY THIS SHOE FOR MEN AND WOMEN.

GOODING'S,

230 North Main Street
